WATERVIEWS

Nautical cat's paw is the feature of our cover photo taken at Burr Brothers Boat Yard in Marion as the summer yachts are readied for service. Marion harbor has filled like magic as the boats return to the moorings. The picture below is of the same area, a most busy corner of the upper harbor. The waterfronts of both Marion and Mattapoisett have taken on the summer vigor that makes this season the scenic one that it is.

Town Accountant Resigns

MATTAPOISETT SELECTMEN'S MEETING
JULY 18, 1989- by DCJ

Karen A. Long, who has served as Mattapoisett's Town Accountant for the past two years, appeared before the Board of Selectmen on Tuesday to tender her resignation, asking that the resignation become effective July 28, 1989 since she will begin a new position in private industry as controller for the Institute of Management Sciences in Pro-

vidence, Rhode Island on July 31. She offered to discuss an arrangement to close the books, prepare a balance sheet and make ready a Schedule A for fiscal year 1989 at the pleasure of the Selectmen.

In a letter of resignation, Karen Long stated that her two years had been a "learning experience and most rewarding". She stated that she had enjoyed working closely with the Finance Committee, Town Treasurer and the many dedicated employees of Mattapoisett Town Hall.

The Selectmen each expressed regret at losing Karen Long's services and had praise for her work. Selectman William Hubbard noted that her major contribution as town accountant was the installation of the computer system now in use. Selectmen Chairman Bernard F. Talty wished her well in her new position.

BUDGET PROBLEMS

Selectmen talked to Harbormaster/ Wharf Commissioner Steven Mach about curtailing that budget. Chairman Talty said that the area of wharf and harbor falls into the same category as the beach and that the budget must be curtailed. Harbormaster Mach said that $7100 has been taken out of the budget. He said that $2500 has been alloted to electricity and water for the boaters so that it still furnishes a little service. Mr. Mach said that Thomas Brownell of Brownell Boat Yard has volunteered to drive some poles for piling and that Arthur MacLean of Mattapoisett Boat Yard has some used telephone poles that he would donate for piling if they are suitable for that purpose.

Mr. Mach suggested that the Selectmen consider a two season schedule for the wharf, the details to be worked out if adopted. Those using the winter wharf space would pay the winter fee after first obtaining permission for the holder of the summer slip and also from the Wharf Commis-

sioner. Selectman William Hubbard said that it sounded like a fair idea. Chairman Talty said that the town should also consider a rise in skiff rates in order to raise more revenue for the wharf.

Selectman Hubbard said that Mattapoisett has the only wharf, that he could think of, where horizontal sheathing is used and that boats get under it and force it up and ice does also. He suggested that a vertical sheathing could minimize that continuing expense.

Brian Nunes, Mattapoisett Shellfish Constable, said that if the shellfish budget is curtailed greatly then the town would lose the money that is returned in propagation fees. He said that in the past year $9200 has been realized in license fees. The total budget for shellfish is $34,000.00 and $5,200 was returned for propagation which is 15% of the total budget. He stated that to take out $4,500 from the total budget would lose about $700. in returned money. If that amount were eliminated, he said it probably would mean a 3-day, Tuesday, Thursday and Saturday, shellfishing week. Mr. Nunes suggested that the town try not to increase the year-round residence fee but increase the seasonal shellfishing license fee as lots of Cape Cod towns do. He stated that many Cape towns charge $100. for non-resident licenses and $25. for seasonal licenses. He said that, since the inner harbor is closed to shellfishing, it places an extra burden on open areas such as Pine Island where shellfish have to be planted as the harvest is taken.

In answer to a query by Chairman Talty, he said that within 5 years he would not be surprised to see the waters of the entire Commonwealth closed to shellfishing during June, July and August.

Fire Chief Donald Wood talked to the Board about more help in the running of his department. Chief Wood said that he has no one to take over so he can't take a week-

end off. He asked the Selectmen to let him appoint Leroy Jones as an assistant. He said that the department has a Chief, has a deputy and what is needed is an Assistant. He said that Mr. Jones is a professional and that the men in the Fire Department are now getting good training. Chief Wood said that the department doesn't need another boss but that he needs more help so that he can be away once in a while. Selectman Hubbard questioned Chief Wood about reports of dissension in the ranks of the department. Mr. Wood replied that in any group, with so many diverse personalities, it will never be possible to achieve perfect harmony but that if the control is left to the Chief then the department would run smoothly.

Chief Wood said that in the month of July alone there were 15 runs and that the department is 15 to 20 runs over last year. He said that the new engine with the high pressure nozzle proved itself in the Grange Tower fire. He said that a call was placed to Fairhaven Fire department for the ladder truck but that on assessing the situation he made the decision to blitz attack (shoot the stream of water with the new gun) which knocked out the tower fire so fast that the Fairhaven laddermen were astonished when they arrived to find no fire. He said that they did give valuable service in going up to seek out smoking timber in the tower and put it out.

Chairman Talty asked for an estimate as to how long the town could operate a call

station. The Chief replied that when there are two calls a day it is very difficult for men who operate a business. He estimated that 2 or 3 years would be the span before the next Chief should consider a full-time department.

Mr. Talty noted that the town has spent $1,800,000.00 in the past 3 years on various capital projects independent of the money spent on the police station. He suggested a small commission be appointed independent of both the Board of Selectmen and the Finance Committee for the express purpose of evaluating the financial condition of the town. He said that they should look back to the beginning of Proposition 2½, the present and the future to get a firm grasp upon the town's condition.

The idea was met with favor depending upon the make-up of the commission.

Selectman John DeCosta said that he had been approached by former Highway Surveyor Manuel Nunes who would like to install benches at Shipyard Park as gifts to the town. Mr. DeCosta also proposed a fence to conceal the wharf dumpster. The Selectmen were all receptive and will consider the details further.

Future of Landfill

FROM BOARD OF HEALTH
MEETING TO DISCUSS THE
MATTAPOISETT SANITARY LANDFILL AREA

A public meeting to discuss the concept of the Energy Answers Corp. (SEMASS Partner) taking over the Mattapoisett sanitary landfill area for the next 3-5 years is scheduled for 7:30 p.m. on August 9, 1989 in the Town Hall Conference Room. The meeting will allow residents to learn more about the concept before a Special Town Meeting sometime in early September 1989 votes on the concept.

Proponents say accepting the plan would correct some expensive environmental issues at the landfill and eventually cap the Mattapoisett landfill during the next three to five years at no cost to the Town. If the concept is approved, Energy Answers will take over the operation of the Mattapoisett landfill area and improve existing conditions and facilities. The company will correct slopes that are too steep and solve drainage problems at the landfill. Eventually, Energy Answers would cap and close the landfill, saving the town about $800,000. Finally,

Energy Answers would leave a solid waste receiving station at the landfill area so that Mattapoisett can utilize the SEMASS Resource Recovery Facility for long-term solid waste disposal.

While working with Energy Answers, Mattapoisett will continue to send solid waste to the landfill at no cost to the Town. Mattapoisett solid waste would not go to the SEMASS plant until after the Mattapoisett landfill closes in 3-5 years. This procedure will save Mattapoisett thousands of dollars in tipping fees at the SEMASS facility over the next few years.

As part of the concept, Energy Answers also will develop a Mattapoisett recycling area for paper, glass, metals and other materials brought to the town landfill area. The details have not yet been worked out, but the company would develop the recycling center and Mattapoisett would receive $25. for every ton of recyclable material collected at the landfill.

Currently, seven to ten rubbish trucks from Mattapoisett enter the landfill each day. Under the new arrangement, an additional 15 out-of-town trucks would bring a total of up to 250 tons of trash each day to the Mattapoisett landfill, subject to State DEQE approvals.

Mattapoisett would continue to own the 20-acre landfill property. Energy Answers intends to use the landfill as a backup to the SEMASS Resource Recovery Facility that burns rubbish and generates power. Energy Answers will be responsible for monitoring

and maintaining the closed Mattapoisett landfill for five years after the landfill is closed and capped. Thereafter, Mattapoisett and Energy Answers would probably share in any problems that develop at the closed landfill site.

The public meeting will provide additional information on the Mattapoisett sanitary landfill area and the concept of Energy Answers taking over the operation of the Mattapoisett landfill. The Board of Health invites all interested citizens to attend the August 9th meeting.

brate the 75th Anniversary of the United States Power Squadron. The Power Squadron is an organization developed to teach boating safety and had its origin in Boston in 1914 as an offshoot of the Boston Yacht Club. It has since grown to several hundred squadrons nationwide encompassing 33 districts with 443 squadrons having a membership of 51,099. Although originally organized to provide a boating fraternity for power boating people, the squadrons soon accepted sailboat people. Boat ownership is not necessary to become a Squadron member.

A feature part of the celebration is the "Voyage of the Ensign" which involves five special 75th Anniversary Ensigns (flags) which are to travel in boats to every squadron in the organization and come together at the Fall Governing Board meeting in Richmond, Virginia in September.

Mattapoisett Power Squadron received the Ensign from Buzzards Bay Squadron and plans to transfer it to the New Bedford Power Squadron.

From Mattapoisett Conservation Commission

WETLANDS APPLICATIONS FEES

The Mattapoisett Conservation Commission wants to inform all members of the public about the new Wetlands applications fees which are to become effective on August 1, 1989 for all Notices of Intent. Pursuant to regulations which were promulgated on July 7, 1989, implementing a 1988 statute, a complete Notice of Intent must include a fee which is calculated on a sliding scale based upon the specific activities which are proposed within protected resource areas.

The new fee schedule ranges from $55 to $1,000 depending on the type of activity. These fees will be due with new Notices of Intent filed on or after August 1. The Commission urges any potential applicants, local engineers and contractors to take the time to familiarize themselves with the new provisions. In addition, new forms have been issued from the Department of Environmental Quality Engineering which must be used for any filings after August 1.

The Commission will be available at its normal weekly meetings to answer inquiries on this new and complicated procedure for filing. We are aware of the substantial increases in the cost of the filing fee but wish to let you know that these fees were established by the state as a result of legislation approved last year. Early consultation with the Commission on fee questions will help toward timely review of Notices of Intent and hopefully reduce the number of fee disputes.

VISORS AND APRONS

If you missed purchasing visors and "Ned's Point" aprons at Harbor days, thanks to the support of several local merchants, they may be obtained at the following locations:

Visors available at: Side Street on Church Street and Shipyard Galley on Water Street.

Aprons available at: Cerulli's at The Ropewalk and Golden Pineapple, both on County Road (Route 6).

Visors and aprons available at: Mattapoisett Pharmacy and Seaport Pharmacy, both on Route 6.

The cost of the aprons is $15.00 and they are available in red, skipper blue and green. The visors are $5.00 and are white and embossed with the Mattapoisett Town Seal.

These sales benefit the Scholarship Fund of the Mattapoisett Woman's Club.

Whale of a Fair

This Saturday, July 29th, is the First Congregational Church of Marion's Whale of A Fair to be held on the church grounds at the corner of Front and Main streets from 10:00 a.m. to 1:30 p.m.; rain or shine.

The Chapel Cafe will open at 11:30 a.m. in the Community Center featuring its famous lobster rolls. Also available will be assorted sandwiches, cold drinks and dessert squares. Hot dogs, soda, and fresh fruit cups will be sold outside.

Letter to the Editor

The professional and efficient manner with which the Mattapoisett Fire Department handled the recent fire at the Grange was exemplary. One seems to take this Volunteer Department for granted, yet their performance is outstanding.

The Grange is a beautiful, historic building, but one I am sure would be difficult to handle in a fire situation. Our Fire Department not only handled the fire quickly, but held damage to a minimum.

Mr partners and I would sincerely like to thank all those involved, including the Fairhaven Fire Department for the use of their ladder truck and the lovely ladies who provided the coffee and doughnuts during the early morning hours. You are all a credit to this Community.

Letter to President Bush

Dear Mr. President:

The Florence Eastman Post 280, American Legion of Mattapoisett, Massachusetts voice their utmost anger at the recent Supreme Court decision of the court's ruling of the burning of the American Flag.

This is a sad day for all veterans, departed comrades and the Nation as a whole, when the highest tribunal holds no respect or guarantee for desecration.

Both presidential candidates made heavy use of American flags during campaign appearances. For more than two hundred years of our history it has come to be the visible symbol embodying our nation, representing a symbol of pride and honor to us all.

We plead with you to restore the honor, dignity, strength, pride, for our flag for which it stands.

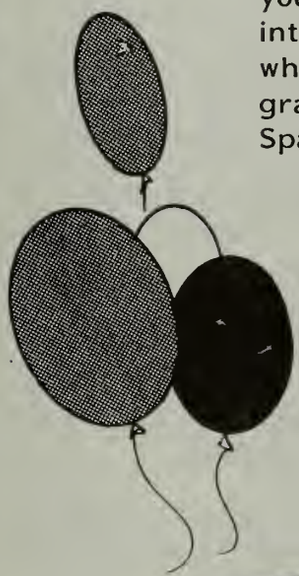
The Mattapoiset Inn

Overlooking Mattapoisett Harbor

EAT LIGHT, AMERICA!

With a nod to good health, the Mattapoisett Inn has geared itself in the direction of cooking light. Not only are we cooking with non-cholesterol oil, we are offering a light entree for lunch and dinner. Whether or not you have special dietary restrictions, you will love the variety of fresh, steamed vegetables, interesting salads, oat-bran muffins, and for dessert, why pass up fresh fruit with lemon yogurt and granola? With a bottle of Apple Black Currant Sparkling Juice, staying fit never tasted so good!



Of course for the last eleven years, the Mattapoisett Inn has prided itself with its creative menus, and still offers all of your favorites. We are simply rising to the challenge of lightness, while maintaining our high standard of quality. It takes a little extra effort to "streamline" serious cuisine, and want you to know

WE LOVE YOUR HEART.

DEAN'S LIST STUDENTS
NEWBURY COLLEGE

Michelle Gelineau, Donna MacDonald and Edna Tavares, all of Mattapoisett, were recently named to the Spring Dean's List at Newbury College, Brookline, MA. To earn this distinction, students must have achieved a grade point average of at least 3.3.

UMASS

The following local students were named to the University of Massachusetts at Amherst Dean's List for the 1989 Spring semester: Arthur E. Parks of Marion, Thomas P. Jackivicz of Mattapoisett and John P. O'Donnell of Rochester.

In order to qualify an undergraduate student must receive a 3.5 grade point average or better on a four-point scale.

"Because fewer than 15% meet this high standard, making the Dean's List marks a significant accomplishment," said University Chancellor Joseph Duffey. "This academic honor is a source of pride to the entire University community."

Buzzards Bay Exhibit

OPENS AT LLOYD CENTER

The Lloyd Center for Environmental Studies at 430 Potomska Road in South Dartmouth proudly announces the opening of an exhibit on Buzzards Bay, its resources and environmental problems. The exhibit is free and open to the public from Tuesday through Friday from 9:00 a.m. to 5:00 p.m. and on Monday holidays. This special exhibit combines together the research work of the Lloyd Center and others, the work of the Coalition for Buzzards Bay, through its Environmental Report Card, the work of the Environmental Protection Agency and the Lloyd Center through the Buzzards Bay Project and the work of private individuals, such as Gilbert Fernandez, whose efforts have helped to return ospreys to this region.

The exhibit is divided into a series of zones, each reflecting a different component of life and problems of the Bay. The many salt water aquaria and large (four foot by six foot) handling or touch tank at the Center's lower floor contain the animals found near shore in the Buzzards Bay region. Some of the animals which people of all ages can handle include sea stars (starfish), small crabs, various shellfish and snails, hermit crabs and horseshoe crabs. Other aquaria include many of the fish and invertebratres (lobsters, crabs, shrimp, sea urchins) found around the Bay.

On the second floor is a panorama of Buzzards Bay including all the towns and the city of New Bedford in the photo-

eye talk

Q. What type of contact lens is best for sports?

A. All contact lenses can be worn for sports participation but some seem to be better suited to certain sports than others.

Because they conform close to the eye and are difficult to dislodge, soft lenses are a good choice for contact sports, water sports and activities like jogging or horseback riding, that may occur in dusty environments. But certain precautions should be taken with water sports.

Extended-wear lenses may be preferred by campers, hunters and bikers on overnight expeditions, since they do not have to be removed every day.

Some athletes prefer standard or gas-permeable hard lenses. These, however, can be dislodged during active sports and generally are not suited for water sports.

Be sure to get a thorough eye examination and proper follow-up care from your optometrist so that you will get top performance from your contacts.

graphic display. For each community the Environmental Report Card prepared by the Coalition of Buzzards Bay and other environmentally interesting information is posted. In addition, a display of some of the animals, such as the endangered piping plover, and a mural of life in the coastal zone is found on the second floor.

On the third floor of the Center is an exhibit on ospreys including a mounted specimen, a model osprey platform and an observation deck from which ospreys can be viewed throughout the day. Buzzards Bay was originally named for the ospreys found here historically but which have seen a dramatic comeback through the efforts of volunteers and others throughout the region.

Oiled Plover Chick Returns!

Fast action by the staff of the Lloyd Center for Environmental Studies led to the first ever successful cleansing and release of a piping plover chick which had been found covered in oil. The 30-day-old bird was discovered on Horseneck Beach on July 5th, and thanks to the quick action of John Hill, Lloyd Center Research Assistant, and Normand Lauriano, Research Intern, the chick was captured and transported to Tufts University School of Veterinary Medicine's Wildlife Clinic in North Grafton.

There, veterinarians stabilized and treated the bird and turned it over to State Ornithologist Brad Blodget, who coordinated this effort with the Lloyd Center. The bird was then returned to the capture

site on July 7th. It immediately rejoined its parents and resumed foraging on the beach.

According to Mr. Blodget this is the first case where a severely oiled piping plover has been found, captured, cleaned and returned successfully to its home site. The plover, its underside blackened with oil, had apparently come in contact with oil globules which are appearing with increased frequency on the shores of southeastern New England. These tar-like globules periodically come ashore at Horseneck Beach.

As the sand temperature rises during the day, the globules liquify, becoming pools of oil that are dangerous to the young plovers and to other wildlife. About a dozen globules, still in the tar-like state, were removed from Horseneck Beach on July 7th and four more were found and removed on July 9th.

Blodget, who could not pinpoint any source of oil, stated that he thought it was unrelated to the Newport tanker spill. However, he stated, this event demonstrates that even small amounts of oil are dangerous to piping plovers and these small incidents are happening all the time.

Horseneck Beach and southeastern Massachusetts are important nesting and feeding habitats for the Federally listed piping plover. A small (six inch) light brown and white bird which nests on beaches and feeds on beaches and in dunes, the piping plover declined in recent years to a level where it is endangered with extinction in the Great Lakes region (where only 15 pairs are still reported) and considered threatened along the east coast of the United States.

Only 560 pairs remain with nearly 130 pairs in Massachusetts alone.

The highest density of successful nests in Massachusetts is the area of southeastern Massachusetts. This very important population is studied and managed by the Lloyd Center with the cooperation of the Commonwealth's Department of Environmental Management, the Town of Westport, and the Westport River Watershed Alliance. The Center is also implementing a study of piping plover behavior for the University of Massachusetts.

The Lloyd Center has been studying the population of piping plovers along with other monitoring projects on our coasts for five years. The piping plover project itself is in its third year and the Lloyd Center, as Mr. Blodget stated, is to be credited not only for the quality of its work, but also for its ability to respond in emergencies such as the rescue effort of the piping plover chick.

Tour of Elizabeth Islands

Visit Massachusetts' most obscure town: Gosnold -- a town which includes the islands of Naushon, Pasque, Nashawena, Penikese, and Cuttyhunk. Massachusetts Audubon's Ashumet Holly and Wildlife Sanctuary is offering day-long tours of the Elizabeth Islands. The tours will focus on the scenic and historic aspects of these quintessential New England islands.

Traveling out along the Vineyard Sound, the boat will make occasional stops to observe landmarks and then dock at Cuttyhunk. On Cuttyhunk, participants will break into groups for guided walks. One group will enjoy a leisurely walk around the harbor,

Plimoth Plantation

SUMMER MUSIC SERIES

Plimoth Plantation will present an unusual variety of classical and traditional musical performances as its summer music series continues with three delightful concerts during the month of August.

On Saturday, August 5th, folk artists Tom Goux and Jacek Sulanowski will perform an evening of traditional sea music aboard the decks of Mayflower II in Plymouth Harbor, beginning at 7:30 p.m. Through instrumentals and song, the Falmouth, MA. duo seeks to recreate the lively chanteys and other sea tunes of the past. Admission to this special evening of family entertainment is $4. or $3. for Plimoth Plantation members.

The talented young artists of the Great Woods Quartet Program perform at the museum's Visitor Center on August 7th and 8th. Directed by virtuoso violinist Charles Castleman, the Quartet Program is affiliated with the prestigious Great Woods Educational Forum noted for its programs dedicated to excellence in the arts. Students of the Quartet Program are coached by eminent chamber and solo musicians, such as Yo Yo Ma and Itzhak Perlman; come hear the fruits of one of the finest chamber music training programs in the world. Concerts begin at 7:00 p.m. and include re-

Her works have been exhibited in the Montclair Art Museum and at the Museum of the City of New York as well as locally.

Corrosion Control Facility

PHOTO BY VIRGINIA MORGAN

The Corrosion Control Facility under construction between number three and four pumping stations; tentative date for completion is this Fall.

The voters approved $142,500 in override in 1987. However, in order to meet the bidder's figure an additional $40,000 was voted in override at Special Town Meeting August 23, 1988 and a subsequent override poll question.

Water Superintendent William T. Nicholson said. at the town meeting, "The Corrosion Control Treatment Facility will adjust the Ph of the water entering the Mattapoisett water system and reduces the aggressiveness of the water which has been demonstrated by its effects on copper plumbing and copper service lines." This will also bring under control the green stains in plumbing fixtures and the green hair several voters complained about at that time, he added.

Dance Workshops

Very Special Arts Southeastern Massachusetts will sponsor two participatory workshops in dance and movement July 30 at the Fuller Museum of Art, 455 Oak Street, Brockton. The free workshops are open to all, are accessible to the handicapped, and will be interpreted in American Sign Language. Workshop times are 2:30 p.m. and 3:45 p.m.

Glenda Medeiros, artistic director of Glendance in Cambridge, will present the workshops. Each 45-minute workshop will allow participants to explore and interpret the museum's exhibits through body movement and dance. Enrollment will be on a first come, first served basis and limited to 30 persons in each workshop.

The Very Special arts workshop is presented in conjunction with Fuller Museum of Art and the City of Brockton's "Summer Sundays in the Park" series. In addition to the dance workshop, there will be activities in the museum's Children's Gallery and in the park adjacent to the museum.

Park activities begin at noon and end at 6 p.m.; museum activities will run from 2 to 5 p.m. Admission to the museum is free for July 30th. The rain date is August 6.

Very Special Arts Southeastern Massachusetts is sponsored in part by Southeastern Massachusetts University's Cooperative Learning Center. It promotes the arts and humanities by, for and with individuals with disabilities.

Half Hulls Featured

EXHIBIT - "WATERWORKS"

The Dartmouth Gallery, located in the Dartmouth Town Hall, will open the exhibit, "WATERWORKS", July 27th at 6:30 p.m., featuring the works of Sheila Johnson, Watercolorist, and Marsom Pratt, Craftsman of half-hull models. Features will be watercolors of "Forger", "Tap Dance", "Rampage" and J-36 out of Marion and Mattapoisett along with half hulls of area boats. The public is invited.

"The Pied Piper"

SUMMER YOUTH THEATRE FESTIVAL

What happens when the evil Mayor of Hamelin refuses to pay the Pied Piper for ridding the town of rampaging rats? Will the Pied Piper take away the children if he doesn't get his money?

The results may surprise you when The Gingerbread Players & Jack give this classic tale a new twist during their performance Wednesday, August 2nd, at 10:30 a.m. as part of the Zeiterion Theatre's 1989 Summer Youth Theatre Festival.

year's festival. General admission tickets are $4.50 each, and are available at all Ticketmaster locations or by calling Ticketmaster at (617) 787-8000. For more information on tickets and group packages call the Zeiterion Box Office at 994-2900.

The Gingerbread Players and Jack have performed at the Zeiterion many times, including last fall's successful production of "Beauty and the Beast". This summer they are presenting two shows at the Zeiterion, including a July 19th performance of "The Real Stories of Little Red Riding Hood and the Three Little Pigs".

The Gingerbread Players and Jack is a professional children's theatre company from New York City dedicated to presenting shows that not only are lavish in costume and design but are also rich in content.

The Zeiterion's 1989 Summer Youth Theatre Festival ends August 9th with "Magic Over the Rainbow".

The Zeiterion is located at 684 Purchase Street in historic, downtown New Bedford.

Rotch-Jones-Duff House

ARTIST-IN-RESIDENCE

Joe White, a native of Arkansas and now living in New Bedford, is a recent recipient of a grant from the New Bedford Arts Lottery Council. He will exhibit his paintings and be artist-in-residence until August 12th at the Rotch-Jones-Duff Coachman's House, located at the corner of Seventh and Madison Streets, New Bedford. Hours are Tuesday through Saturday, 11 a.m. to 4 p.m., and Friday, 6 to 9 p.m.

Mr. White is a self-taught artist whose subject matter is landscapes, wild life and seascapes. He has recently exhibited at the Westport Art Group, Bristol County College, St. Luke's Hospital and Russells Mills Library.

The artist states that he wishes to share the privilege of living with and from nature, which he has experienced

Wildflowers at Ashumet

PROGRAM ON ENDANGERED SPECIES

The Massachusetts Audubon's Ashumet Holly and Wildlife Sanctuary will host an evening devoted to endangered wildflowers. Jeanne Anderson, Field Biologist, will present Mass. Audubon's slide program on endangered species.

The program is scheduled for Tuesday, August 8th, and will begin with a guided walk around the sanctuary's pond at 6:30 p.m. The walk will be followed by a slide program at 8. Participants will discover and identify many species of wildflowers including four rare species. Two of these are species of "special concern" and two are on the state "watch list". Walks are limited to 15 people in each group, and pre-registration is required.

For more information call Mass. Audubon at 563-6390. The Ashumet Holly and Wildlife Sanctuary is located on the north side of Route 151 and Currier Road in East Falmouth.

New Black Eagle Jazz Band

TO PERFORM AT HERITAGE PLANTATION

It's plenty of New Orleans style jazz when the New Black Eagle Jazz Band performs for its 19th season at Heritage Plantation on Saturday, August 5th, at 7:30 p.m. The rain date is Sunday, August 6th.

The Eagles are led by Tony Pringle from England. If pressed, Pringle will tell you they model themselves on the great New Orleans black bands of the 1920s. But partly, at least, they result from New England heritage.

The Grammy-nominated band members have been together since 1971, relaxing after their various daytime jobs as computer engineer, pediatrician, architect, electronics consultant, psychologist, advertising executive and faculty member of the Boston University Graduate School of Dentistry.

They have a busy schedule of appearances, a schedule that has them spreading contagious joy through club, concert and festival audiences. They have produced

Lloyd Center Canoe Trip

AGAWAM RIVER

Join the Lloyd Center as we explore the Agawam River in Wareham on Saturday, July 29th, from 9:00 a.m. to 4:00 p.m. The Agawam runs through cranberry bogs allowing participants an up close view of this popular, local product. Participants will learn about the cranberry industry as they canoe this beautiful river.

The Agawam also flows through pine barrens, allowing participants a chance to experience this unique habitat and to learn about the ecology of the area.

Interested participants should contact the Lloyd Center at 990-0505 to register for this canoe trip. Fees are $15. for Lloyd Center members and $20. for non-members. The Center rents canoe space for $4. per person. Rain date for the Agawam Canoe trip is Sunday, July 30th.

Upcoming canoe trips include: Westport

Lloyd Center Nature Walk

FRESHWATER ECOLOGY

Come explore a freshwater pond with the Lloyd Center on Sunday, July 30th, from 1:30 to 3:30 p.m. Learn about the fascinating animals found within a freshwater pond. Participants will discover the diversity of life in a pond by seining, dipnetting and collecting plankton. Some of the life found in a freshwater pond is too small to be seen, except with a hand lens or microscope which the Center will bring along.

The Lloyd Center offers free nature walks to the public every Sunday of the year. To register for this, or any program, call the Lloyd Center at 990-0505. Upcoming walks include: Birds of Sachuest on Sunday, August 6th; Sunset Beach walk on Sunday, August 13th; and a Star Watch on Sunday, August 20th.
